

R E M A R K S

Careful review and examination of the subject application are noted and appreciated. Applicant's representative thanks Examiner Shew for the indication of allowable subject matter.

DRAWING OBJECTIONS

The objection to the drawings has been obviated by appropriate amendment and should be withdrawn. FIG. 3 clearly shows the claimed memory 104.

CLAIM REJECTIONS UNDER 35 U.S.C. §112

The rejection of claims 15, 20 and 21 under 35 U.S.C. §112, second paragraph, has been obviated by appropriate amendment and should be withdrawn.

CLAIM REJECTIONS UNDER 35 U.S.C. §103

The rejection of claims 1, 2, 4, 5, 6, 11-17 and 20 under 35 U.S.C. §103 as being unpatentable over Pawlowski has been obviated by appropriate amendment and should be withdrawn.

The allowable matter of claim 7 is believed to have been incorporated into claim 1. Matter similar to the allowable matter of claim 7 is believed to have been incorporated into claims 15 and 20. Claims 1, 15 and 20 do not incorporate the intervening claims 2, 4 and 5, since the intervening claims do not appear to be the basis of allowability. For example, claim 19 is still marked

allowable but is broader than claim 7. Since claim 19 does not include a similar intervening claim structure, claim 7 is believed to be allowable without such structure.

As such, the presently claimed invention is fully patentable over the cited reference and the rejection should be withdrawn.

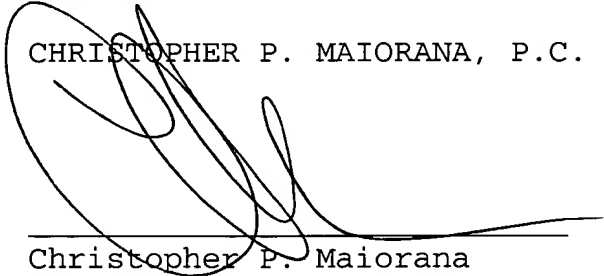

Accordingly, the present application is in condition for allowance. Early and favorable action by the Examiner is respectfully solicited.

The Examiner is respectfully invited to call the Applicant's representative should it be deemed beneficial to further advance prosecution of the application.

If any additional fees are due, please charge our office Account No. 50-0541.

Respectfully submitted,
